- **Supervisor Comments—FLTF had a held a meeting to discuss the methodology for Operations and Maintenance of the Secord, Smallwood, Edenville and Sanford dams. The final amount will be established in 2022 according to the letter received by Supervisor Mudge. They also discussed the benefits the lakes provide to the townships and the possible assessments the townships will be responsible for paying. Hay Township’s estimated annual assessment would be between \$23,500 and \$35,000. The assessments are contingent on the approval by the Gladwin and Midland Counties. The townships have a right to challenge this assessment. Supervisor Mudge will be drafting a letter to FLTF to clarify the statements made in the letter and to voice concerns of the assessment to the township. Discussion followed. Supervisor Mudge stated that all the emergency work for Smallwood has been completed.**
